

Now Mark I am glad to hear that you have
concluded to battle the world as a lawyer & hope
you will succeed far beyond your fondest
anticipations. There is nothing like sitting our
cocks high if we do not but it wd shold
carry higher than if we had placed our cock
on the ground.

But I think you have started in a hard
place I think you would not have found so
much opposition if you had started in a newer
country & if I had known you thought of
starting in the law I would have give you
a chance with me for I shaw more than I
can do & I think it makes it more pleasant
to have a partner than to fight alone I am
looking round for one now I have many
offers But I am rather particular.

I had 53 cases in the last District Court
& they will average me 10¢ apiece. I had 2
cases before a Justice today & they brought
me 5¢ apiece.

But I shaw more than I can do or
more than I like to do.

Please tell me how you are
getting along & give me the news recip & of
Plymouth who are the reigning Deeds
the now is my sweetest pet Evad It is pretty as
even I would give up to hear her read ✓
