Society News

WE’VE MOVED!. The address is **115 N 2nd Ave E, Suite C**. Our mailing address is still P.O. Box 163, Newton, IA, 50208. Our phone number remains the same at **641-792-1522**. The hours are Thursday and Friday from 10:00 to noon and 1:00 to 3:00 and the first and third Saturdays from 9:00 to noon.

Donations Needed: The society needs a new copy machine. In investigating copiers that will do legal sized paper, the cost is about \$400 to \$500 unless we can catch a sale. Most of the desk-top copy machines now also do printing and scanning, so we could get rid of two machines taking up space at our computer station. **So if you can spare a couple of bucks, please send them to Treasurer JCGS, P.O. Box 163, Newton, Iowa 50208.**

Visit Our Library

The JCGS Library is full of valuable information. Following is a listing of microfilms that can be viewed and copied from the microfilm reader. Our researchers can help do this for you.

Land Patents

A **land patent** is an exclusive land grant made by a sovereign entity with respect to a particular tract of land. To make such a grant “patent”, a sovereign (proprietary landowner) must document the land grant, securely sign and seal the document (patent), and openly publish the documents for the public to see. An official land patent is the highest evidence of right, title, and interest to a defined area. It is usually granted by a central, federal, or state government to an individual or to a private company.

After the American Revolution and the ratification of the Constitution of the United States, the United States Treasury Department was placed in charge of managing all public lands. In 1812, the General Land Office was created to assume that duty.¹

The first land patents in Jasper County are dated 1848. The 1850+ lists were incomplete, so the 1850 list is being reprinted. If you click on the link in the chart, it will take you to the actual patent certificate and the number of acres. MW is a Military Warrant.
